RonB@DMWCC.com

SMART:

- Automatic—24/7/365
- No worries for up to one complete year
- Single-point application
- Most economical lubrication product of its kind on the market
- Constant, pre-measured lubricant reliably
- No over/under usage damage
- No costly repairs or production downtime
- Transparent inspection window
- Compatible with all NGLI greases and oils
- Allows for customer-specific lubricants
- Operates in temperatures from -4° to +131°F

USER is ALWAYS in CONTROL:

- Activated with hex key
- Programmed dispensing from 1-12 months

ENGINEERED for DEMANDING APPLICATIONS:

- Available in multiple sizes to fit anywhere
- Mounts in any position (with full line of accessory parts)
- Perfect for hard-to-reach and dangerous locations
- Use above and under water

ENVIRONMENTALLY FRIENDLY:

- No harmful or toxic liquids
- Non-acid-filled batteries, motors and gears

RECYCLE or REFILL:

- Replaceable gas-generating cartridge (twice)
- Two-year shelf life
