Dear Mark Duxter,

I am pleased to inform you that your company has qualified for a Honorable Mention Safety Achievement Award in the 51,000 to 199,999 Hours-Worked category. During 2015 your employees were able to work the full year while maintaining a safe and healthful worksite. This is truly noteworthy in the construction business where dynamic hazards shift as work is completed. Several other applicants were able to boast similar records in 2015 as well, however it was your low injury and illness rates combined with your low EMR that has earned you the Honorable Mention distinction.

It is apparent by these numbers that your company places a high regard on the safety and health of your employees. The reduction of injuries also contributes greatly to your bottom line through reduced costs of recovering from a loss and reduced insurance premiums.

**You are cordially invited to attend our awards ceremony being held at the MSU Management Education Center, located at 811 Square Lake Road in Troy, on May 13, 2016 at 8:00 a.m. In addition to the certificate presentation, we will be serving breakfast with a presentation by .... You will be receiving an email with event details and instructions to RSVP for the event.**

The Construction Association of Michigan congratulates you and wishes you a safe and prosperous 2016 construction season.

Sincerely,

A handwritten signature in black ink that reads 'Jason Griffin'.
